

Let's Talk

Tuesday 10am - 11am

This 6 week course is for parents, carers and grandparents of young children. The course will focus on how young children develop language and communication skills and how you can support them through practical games and activities.

- Find out how to encourage your child to talk through simple play activities you can do together at home.
- Become confident in supporting your young child as they learn new words.
- Understand how to support your child to develop social skills through games and play.

Join our experienced tutor, Ian to discover simple ways to help you support your child as they learn about the world around them.
